

DAC Named to Virginia Top Business List

Arlington, VA, March 16, 2009. In recognition of the economic power of privately held businesses, DiversityBusiness.com, recently named DECISIVE ANALYTICS Corporation (DAC) as one of the top businesses in the United States.

This is the 9th annual listing of the Virginia top businesses by DiversityBusiness.com. "Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. "This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for their communities. These are the new leaders in American business."

"We are honored to be recognized as one of Virginia top businesses," said Ashley Zais, Chief of Corporate Communications. "It points out what a great company we have." At DAC, success is attributed to their team of talented, motivated, and literally invested employee-owners. "Because we all own stock in the company, we work hard to make it succeed and are, in turn, rewarded by the fruits of our labor," Zais says.

The List

This List is a classification that represents the top small businesses in the U.S., in sectors such as technology, manufacturing, food service and professional services. The winning companies will be honored at a special awards ceremony at DiversityBusiness.com's "9th Annual Multicultural Business Conference", taking place April 29 – May 1, 2009 at the Disney's Contemporary Resort in Orlando, Florida.

About DECISIVE ANALYTICS Corporation

Decisive Analytics Corporation (DAC) is an employee-owned company specializing in providing analytical solutions to complex problems. Founded in 1996, DAC's core ideology is to bring together highly talented and motivated individuals to form an organization that provides superior, innovative technical contributions to all endeavors in which we participate. We deliver our industry-leading analytical products and services to the Department of Defense, other government agencies and commercial businesses. DAC is consistently ranked among the 50 Fastest Growing Technology firms in Virginia, and the 500 Fastest Growing Companies in North America. DAC was also recognized as a Great Place to work by the Washingtonian in 2007. DAC has offices in Colorado Springs, CO, Sellersburg, IN, and Huntsville, AL. Additional information can be found at www.dac.us.
